

Rockwell Parts

Rockwell Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working within an environment which encourages the highest integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of environmental stewardship and safety in how they do business. The business has put different programs in place so as to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, since they are happy to share and promote this policy with a greater knowledge of their efforts. They are really committed to improving and preserving the surroundings. AxleTech has an EHS program which not just protects the environment but which also actively protects their neighbors and employees also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech particularly designs axles to meet particular application demands. They have more than one thousand various axle specs within their current offering. With more than one hundred years of experience and history, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The business is well known in many commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have added details which could be seen in the "ISAS" product selection.
