

## Concrete Hoppers

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically sets off to dump whenever bumper release touches the side of a dumpster. After dumping is done, the hopper goes back to a locked and upright position. This piece of machinery is likewise existing with a cable which allows operation from the seat of the forklift in order to have the choice of manually unloading the hopper. There is a locking chain provided to secure the hopper to the fork truck. This product is constructed with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish in order to maintain durability.
